Official Holiday Tree Lighting – 11/29/03

Please come and greet Santa Claus when he arrives on the 9:16 a.m. train at the Barrington Train Station. The day's events will begin at approximately 9:00 a.m. with holiday songs by carolers awaiting Santa's arrival. Santa will depart the train station via the Pirsch Fire Truck to the Village Center. From 9:30 and 11:00 a.m. he will be visiting stores and restaurants located in the downtown area. The Barrington High School Madrigal Singers will be performing throughout the Ice House from 10:00 to noon with Santa visiting the Mall from 11:00 a.m. and 12:30 p.m. At approximately 1:00 p.m. Santa will travel along Route 14 to visit the stores between Hillside Avenue and finally ending up at the Foundry. Santa will remain at the Foundry from 2:00 to 4:00 p.m.

At 4:30 p.m. the Barrington community is invited to join Village President Marshall Reagle and Deb Leska, Barrington Area Chamber of Commerce Ambassador of Good Will, in lighting the official Village Tree for the 2003 Holiday Season

(formerly held the 1st Saturday of December) located at the intersection of Main St. and South Cook St. Following the tree

lighting ceremony, all those attending are invited to visit with Santa at the Barrington Train Station where music will be provided and refreshments will be served. After a very busy day in Barrington, Santa will then board the train and start his long trip home to the North Pole. We hope you will take this opportunity to wish him farewell.

For more information, please contact Melanie Marcordes at 847/304-3444.

Buy A Brick

Looking for a Special Gift for the person, couple or family who has everything? Why not consider a gift that will last a lifetime - a personalized brick at the Barrington Memorial Park. Certificates can be purchased at the Village Hall. For more information, please call Heather at 847/304-3421.

Recycle Aluminum

When most people think of recycling, they probably think of newspapers and glass. But did you know that approximately 70 % of aluminum containers are recycled in the United States every year. So before you toss that pop can or that vegetable tin, or that used aluminum foil into the garbage can, stop to consider a few of these aluminum facts:

- One pound of aluminum can produce an estimated 30 cans.
- 99 % of all beer cans and 97 % of all soft drink cans are made of aluminum.
- The average aluminum can in the United States contains 40 % post-consumer recycled aluminum.
- It requires only 5 % as much energy when a can is made of recycled aluminum as compared to virgin ore.
- American consumers and industry throw away enough aluminum to rebuild the entire U.S. commercial air fleet every 3 months.
- Soft drink and beer cans make up more than 2/3 of the total aluminum waste generated each year.
- Aluminum makes up about 2% of the total municipal solid waste stream generated in the U.S. each year.
- Almost 100 % of the total aluminum recovered from the waste stream (recycled) is used to manufacture new cans.
- The lifespan of an aluminum can is six weeks on average: this means that the time it takes for a beverage can to be manufactured, filled, sold, recycled and then remanufactured is six weeks on average.

Save the environment –
preserve natural resources!

Village Vision

The Vision of Barrington is to preserve and promote its unique small town heritage, preserve its distinct ecological and historical character, provide a moral and safe environment, maintain a high quality of life through the efficient use of community resources, and respond to future challenges through citizen participation in all civic, social and cultural endeavors.

The Community is committed to preserving the quality of its neighborhoods, the quality of education, and the diversity of leisure time activities. The community is dedicated to fostering an easily-accessible center of activity for the Barrington area, maintaining a prosperous economic base, protecting its extensive natural resources and promoting public participation and communication.

HOT TIPS

VILLAGE HALL CLOSED

Village Hall will be closed on Thursday, November 27th and Friday, November 28th for the Thanksgiving Holiday weekend. Water payments may be deposited in the drop box at the north end of the Village Hall parking lot.

LEAF BAG PICKUP

If you need extra leaf bags, they are available at the Barrington Ace Hardware, Northwest Highway or at the Public Works Department, 300 North Raymond Avenue, for \$.25 each or five for \$1.00.

Please mark your calendar - the last day for the "Green Monster" yardwaste pickup will be Friday, December 12, 2003. Yardwaste pickup will resume in mid-March 2004.

SNOW PARKING

To allow snow plows to safely maneuver and clean the streets for emergency response vehicles, parking is not permitted after 1:00 a.m. on streets within the Central Business District when snow accumulation is over two inches until snow removal operations are complete. Parking is not permitted at any time on residential streets outside of the Central Business District when snow accumulation is two inches or more until snow removal operations are complete.
